PHYSICS  
TEACHERS KERALA

# ACADEMY OF PHYSICS TEACHERS, KERALA (APT) WEBINAR

September 14, 2025 @ 8.00 pm

## “How Physicists can Create the Next Generation of AI”

### Targeted Audience:

Physics teachers and interested students across the Colleges and Universities in Kerala.

### Theme of the Webinar:

The resource person will introduce Physics teachers and students to potential research topics and projects in Artificial Intelligence and Machine Learning. He will showcase projects derived from past and ongoing work, and suggest topics particularly valuable for MSc and PhD students pursuing research in AI/ML. The session will also highlight the Kerala AI Research and Learning Initiative (KAIRALI), aimed at fostering a vibrant ecosystem for AI research in Kerala. The webinar will conclude with an open discussion on mentoring final year MSc students in designing and developing research projects in AI/ML.

Resource Person:  
**K P Unnikishnan**  
eNeuroLea n, USA & Anthikad AI Institute
